Campaign Spending: [List of Filers](#)

My District, West Maui to Ma'alaea, is experiencing tremendous growth in home building and tourism. Growth is healthy for our businesses and our communities but only if the State does their part by improving roads, maintaining schools and providing accessible medical care. I will work actively work with the appropriate Departments in State Government to insure they are informed of what is needed for the 10th District and understand how urgently they must act. I want to be part of the solution for these and other problems affecting our people and communities.

As Chair of the West Maui Advisory Committee, Vice President of Lahaina Town Action Committee (LAC) and Secretary of Ka'anapali Operations Association (KOA), I have learned a great deal about what is important to the people of our community – traffic, affordable housing, tax relief, gas prices and medical care.

I am former owner of a small business and retired after 30 years with IBM Corporation. I bring an understanding of the challenges faced by our small businesses and a recognition of the value of corporate investment in our community.

I pledge to be a tireless advocate for you and a clear and constant voice for the voters in the 10th District. I ask for your Vote and your Support.
